

Meet Your Match

Small Animal Compatibility Test

When would you want to interact with your pet?	Almost anytime – I want a pet that can adapt to my sleeping patterns	In the evening, at night, and in the early morning – I want a pet that sleeps during the day		
How social would you want your pet to be?	I want a pet that is easily socialized and that I can hold and play with a lot.	I want a pet that can be social if handled properly and is fun to watch when awake, but doesn't always want to be played with or held.	I want a pet that is fun to watch and is very active, but can be tricky to handle and often does not want to be played with or held	I want a pet that needs a lot of patience and work to become socialized, and would prefer to be left to explore it's habitat rather than be played with, but is fun to watch
How long would you like to have a pet for?	1 to 3 years	2 to 4 years	5 to 7 years	
How often would you be willing to clean your pet's cage?	Every day	2 to 3 times a week	Once or twice a week	Once every 2 weeks
What kind of habitat would you create for your pet?	Tall with lots of toys and space to climb, play and explore	Large and flat with lots of space to run and explore	Deep with lots of bedding to burrow and make tunnels in	A little bit of everything – places to burrow, climb and explore
Would you want a pair, group or just one pet?	Pair	Group	One
